HORSEPOWER

## LPH20

**Light • Power • Heat**  
General Purpose

### Performance Features

- Output: 225,000 BTU
- Volume: 1150 CFM
- Pressure: 8 Inches of WC
- Delta T Temperature: 0° F @ inlet - 200° F @outlet
- Utilizes 1.3 Gallons of Fuel per Hour under Full Load
- Electrical Area Classification: General Purpose
- Automatic Power Limiting of Heating System
- Redundant Emergency & Temperature Shutdown
- 75 Hours of Operation on One Fuel Tank under Full Load
- Double Walled Fuel Containment
- 5 Point Stabilization System
- Forklift Pockets and Lifting Points for Ease of Transport
- Low Maintenance
- Air Quality: 100% Flameless Breathable Hot Dry Air

#### Options:

- 350 Gallon Fuel Capacity Triple Axle Trailer Run time 240 Hours
- Circulating Heater for Engine.
- Light Tower Pin on/off 31 Foot Tall.
- Light Tower 4 Lights, 8 Lights, 16 Lights. 24500 Lumens/light.
- Video Surveillance, GPS Tracking, Remote Trouble shooting Monitoring

- ▶ Safe Flameless Heater
- ▶ General Purpose
- ▶ Highly Efficient Fuel Usage
- ▶ Produces Clean Dry Air

### APPLICATIONS

O & G • CONSTRUCTION • FACILITIES • PIPELINES • TANKS • BOILERS • EQUIPMENT • WELL HEADS • GROUND THAW • DEHUMIDIFICATION • GRAIN DRYING • CONCRETE CURING • TEMPORARY POWER

THE LPH20 IS NOW AVAILABLE FOR SALE, RENTAL, OR RENTAL PURCHASE
